This template represents 4 sides of the structure. Please design each side on an individual template and not as a whole. If artwork is the same on all (32) sides then one layout is suitable for printing.

Please be sure to include the 5" bleed around the perimeter to compensate for the finishing of the graphics. Do not design any critical elements (text, logos, etc.) within 1" of the edge (see dotted lines).

General Artwork Guidelines
- cmyk color mode
- do not embed images, supply them
- resolution must be 100-120 ppi
- all fonts must be created to outlines
