

DISPLAY FOAM SETS

Technical Specifications | R1.022416

PRODUCT USAGE

This product is recommended for use indoors.

DESCRIPTION

- Foam made from dark gray material that's light enough for stacking and dense enough for sitting
- Design is printed on Multisol® D, a nearly opaque knitted polyester that provides brilliant color reproduction
- Prints zipper shut or close with hook-and-loop adhesive, allowing removal and replacement with new prints
- Combines together unique foam elements to create one-of-a-kind seating arrangements
