

Sunrise Multisurface Sign

Display Set-Up for in-ground

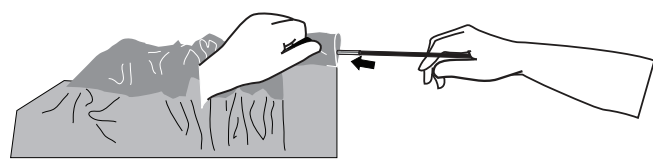

Step 1

Assemble End Poles (2) into Center Pole (1).

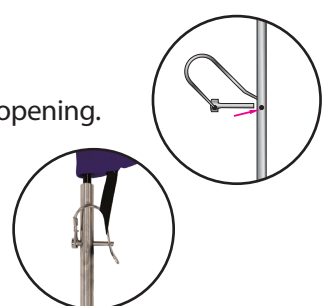

Step 2

Push assembled pole through pole pocket of Graphic (4). For ease and safer installation, please use two people.

Step 3

Set End Poles (2) into Stake (3) opening.

Step 4

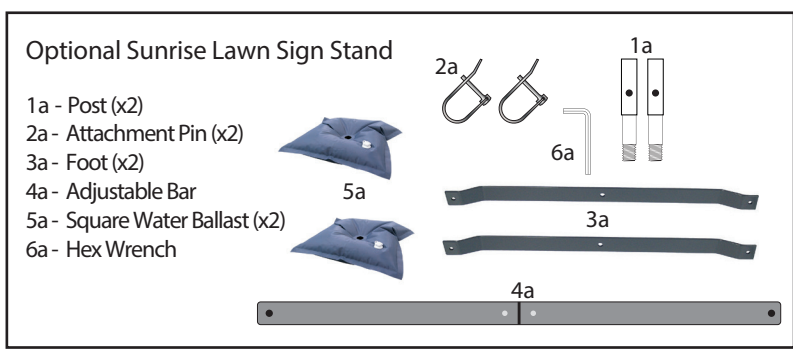

Unclasp Attachment Pin on Stake (3) and slide loop sewn onto Graphic (4) over pin and re-clasp.

Step 5

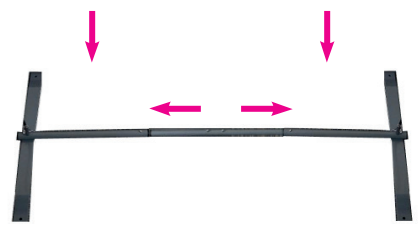

Push stakes of assembled display into desired location in ground soft enough to accept Stakes.

Display Set-Up for Hard Surface

Step 1

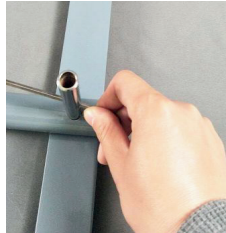

The Stand can be adjusted to fit our 3 foot or 5 foot wide styles of the Sunrise. Simply depress the push buttons on the Adjustable Bar(4a) to adjust and lock into place to fit your display.

Sunrise Multisurface Sign Continued.....

Step 2

Align holes on each end of the Adjustable Bar (4a) to hole in center of each Foot (3a) and connect together by pushing a Post (1a) through the Adjustable Bar into the Foot and tighten turning clockwise. Place Hex Wrench (6a) through hole on Post (1a) and use as leverage to complete assembly.

Step 3

For added stability the Square Water Ballast (5a) can be placed over each Post (1a)

Step 4

With assembled Center and End Poles (1&2) through graphic, push each metal end of End Poles (2) into top of each Post (1a). Align holes and push Attachment Pin (2a) through both holes.

Step 5

Unclasp Attachment Pin (2a) and slide loop sewn onto Graphic (4) over pin and re-clasp.

Storage & Care

Store all product parts in a cool dry location.

Machine wash graphic on gentle cycle using mild detergent. Tumble Dry No Heat. Do NOT dry clean, Do NOT Iron.
