MODify Double Sided Kit 01

MODify™ is a one-of-a-kind Modular Merchandising System that is made up of interchangeable fixtures and accessories that can be easily assembled, disassembled, and rearranged to create a variety of different display configurations. The MODify system incorporates SEG push-fit fabric graphics that enable you to brand, promote and merchandise with ease.

MODify Double Sided Kit 01 provides ample retail merchandise display space with its two-sided slatwall design. The push-fit fabric header enables the display of branding, promotions, or product identification. Easily configure with casters, shelves, Ubars, slatwall hooks and other fixtures.

features and benefits:

Base Kit includes:

- Frame, slatwall, shelf and base colors in kit are all the same, your choice of all white, black, or silver
- Heavy-duty aluminum frame, steel base
- Steel, slotted uprights
- Double sided 35"W x 72"H slatwall display
- Frame topper with 35"W x 12"H SEG push-fit graphic, one on each side
- Base (casters are optional)
- Display is easy to assemble and install
- Lifetime hardware warranty against manufacturer defects

Optional Accessories Include:

- Casters.   - Towel bars
- U bars   - Faceout bars
- Slatwall hooks   - Waterfalls
- Shelves

How to Apply & Remove Graphics

Installation and removal of SEG graphics is easy!

Installation: Push the SEG bead into each corner of the frame (1-4) with your thumb, then push the SEG bead into the middle of the run (5-8) and work your way around the perimeter of the frame until all beading is pushed in properly; if necessary, go around the perimeter again to ensure beading is secure in the extrusion profile.
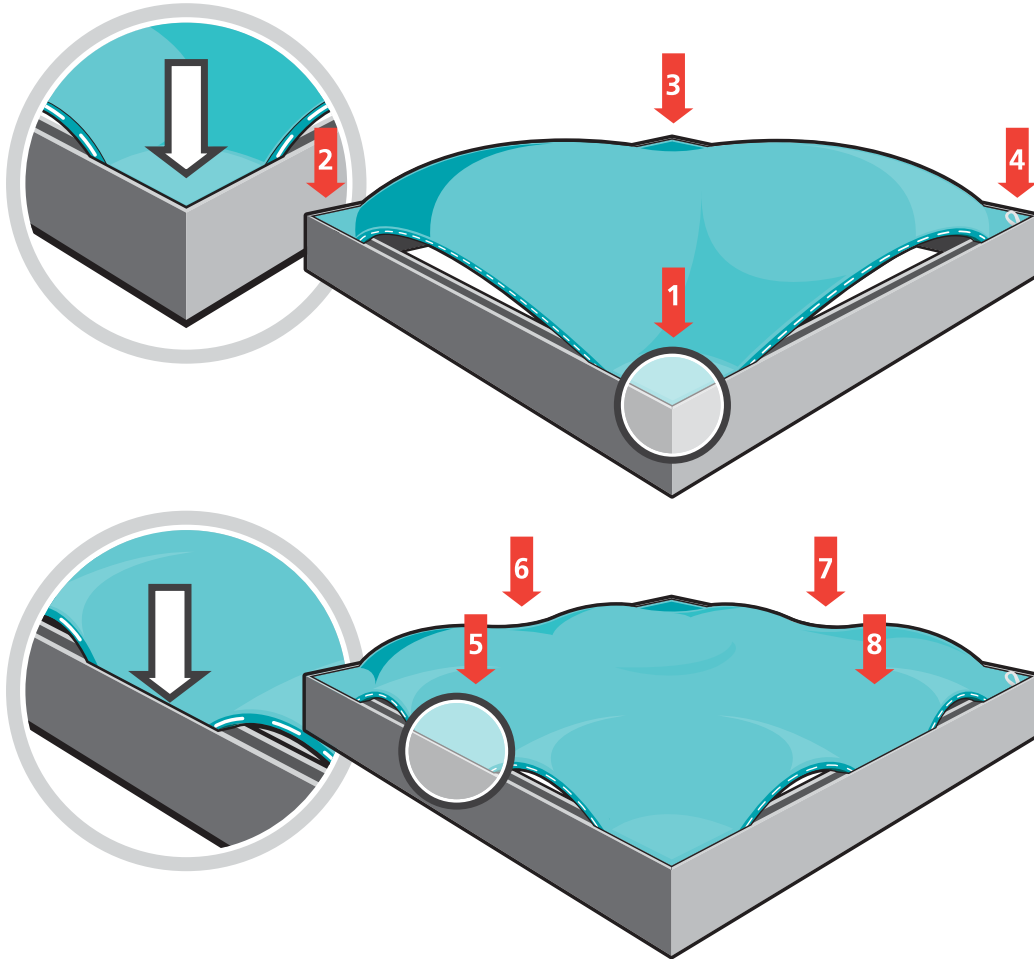

Note: Keep the set up area clean by using a drop cloth, washing hands before set-up or by wearing gloves.
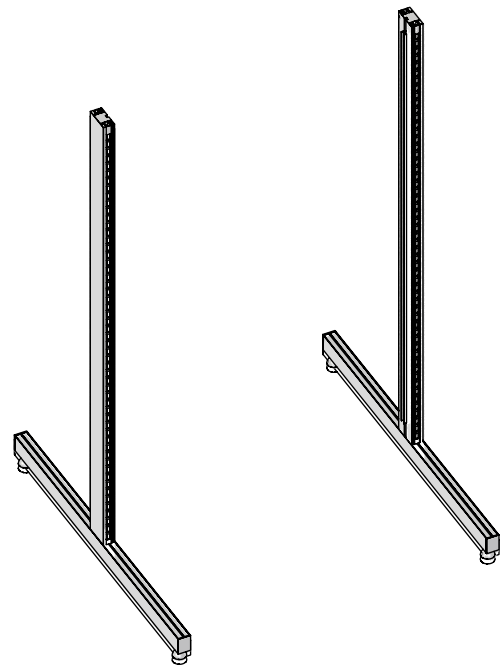

Removal: Use the pull tab located on the graphic and gently pull the graphic from the frame, going around the perimeter.
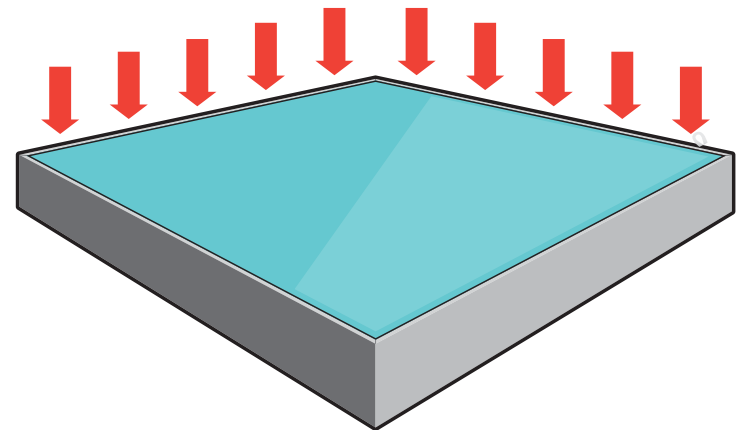

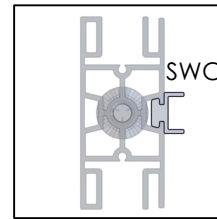

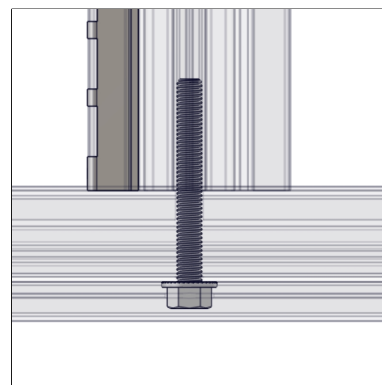

Graphics Storage & Care

Graphics should be folded with the graphic facing inward and stored in a zip lock /sealable plastic bag. Spot clean by wiping with a damp white cloth. If washing is necessary, use a commercial size front-loading washing machine, gentle cycle with cool water. Line dry flat. Dry cleaning is NOT recommended to prevent shrinkage.
