# MODify Single Sided Kit 02

MODify™ is a one-of-a-kind Retail Merchandising System that incorporates SEG push-fit fabric graphics that enable you to brand, promote and merchandise with ease. The MODify system is made up of interchangeable fixtures and accessories that can be easily assembled and rearranged to create a variety of different display configurations.

MODify Single Sided Kit 02 features a versatile slatwall for displaying merchandise simply and easily. With its push-fit fabric graphic header, branding changes and promotions can be effortlessly implemented, making this display an ideal choice for retailers seeking a versatile marketing solution. Easily configure with casters, towel bars, U bars, faceout bars, slatwall hooks, waterfalls, shelves and more.

## features and benefits:

(NOT INCLUDED)

9/16" SOCKET WRENCH
(NOT INCLUDED)

# How to Apply & Remove Graphics

Installation and removal of SEG graphics is easy!

**Installation:** Push the SEG bead into each corner of the frame (1-4) with your thumb, then push the SEG bead into the middle of the run (5-8) and work your way around the perimeter of the frame until all beading is pushed in properly; if necessary, go around the perimeter again to ensure beading is secure in the extrusion profile.
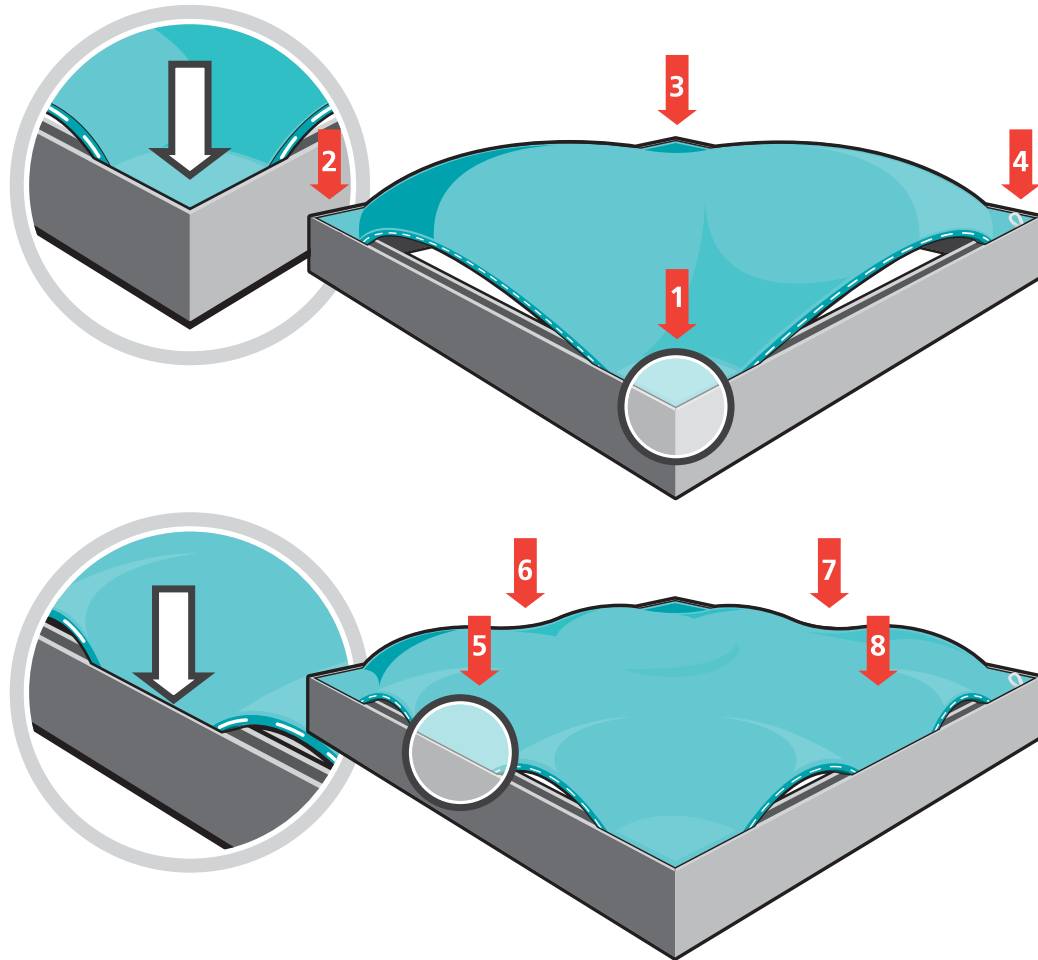

**Note:** Keep the set up area clean by using a drop cloth, washing hands before set-up or by wearing gloves.

**Removal:** Use the pull tab located on the graphic and gently pull the graphic from the frame, going around the perimeter.
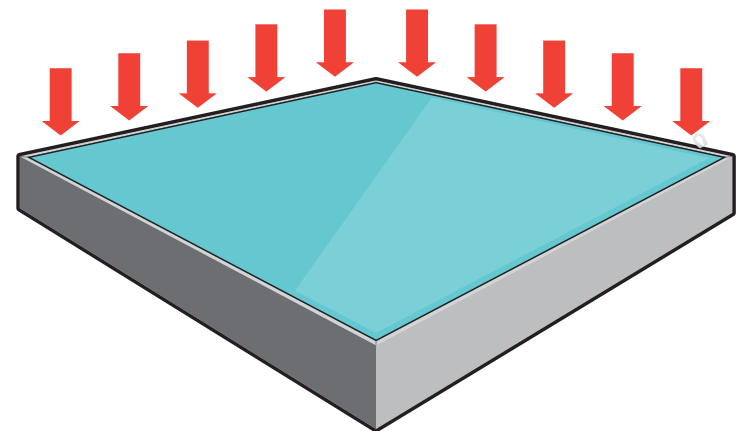

# Graphics Storage & Care

Graphics should be folded with the graphic facing inward and stored in a zip lock /sealable plastic bag. Spot clean by wiping with a damp white cloth. If washing is necessary, use a commercial size front-loading washing machine, gentle cycle with cool water. Line dry flat. Dry cleaning is NOT recommended to prevent shrinkage.
