

Hanging Structure: Pinwheel 0803 - Double Sided

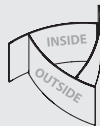

TEMPLATE IS @ 1/10 SIZE

(6) prints to create (1) double sided structure

Outside Panels

Total Graphic Area: 111.2" w X 46" h

Total Visual Area: 101.2" w X 36" h

Inside Panels

Total Graphic Area: 108.4" w X 46" h

Total Visual Area: 98.4" w X 36" h

Please be sure to include the 5" bleed around the perimeter. DO NOT design any critical elements (text, logos, etc.) within 1" of the finished edge (see dotted line in template).

General Art Guidelines:

- CMYK Color Mode
- All Solid Coated Pantone colors should be called out in the art as spot colors
- Embed all images and support files
- Resolution must be 1000-1200 ppi @ 1/10 size, 100-120 ppi @ 100% print size
- All fonts must be created to outlines
- Do not scale artboard
- Background color/images must bleed to the edge of artboard
- Do not use spot colors from template in your artwork as they will not print

The diagram illustrates the layout of a page with three distinct regions: a left margin, a central content area, and a right margin. A vertical solid line on the left side of the page indicates the trim line. A dashed line follows the outer edge of the page, representing the bleed area. The central area, bounded by the trim line and the bleed line, is shaded light gray and contains the word "INSIDE" in large, bold, gray capital letters. The right margin is also shaded light gray. A legend in the bottom right corner identifies the lines: a solid line for "bleed area", a dashed line for "trim line", and a solid line for "safe zone".
