

STREET POLE BANNERS

OVERVIEW

Product Name: Our Street Pole Banners are an effective way to display your message for street and sidewalk traffic to see. This is the perfect solution to promote street fairs, festivals, seasonal events, etc. Graphics are UV printed on double sided vinyl so your message will be visible from both sides. Pole pockets are sewn to the top and bottom of the banner and make for a quick and easy installation. Each Street Pole Banner hardware kit includes two mounting brackets, two fiberglass poles, four 304 stainless steel clamps, and is ready to display 1 double sided banner. If you would like to display more than 1 banner you can add multiple sets to the same street pole. The brackets are also drilled for screws if you want to attach the bracket to a wall instead of a street pole. Available in 3 pole widths: 24", 31.5" and 36" and 3 graphic heights: 36", 48", and 60". Compatible with round and square street poles 7.8" to 11.8" diameter.

- **Available as:**
 - Graphic Package (CA, PA, PFC)
 - Graphic Only (CA, PA, PFC)
 - Hardware Only (CA and PA only)
- We stock 2 sizes of poles 24" and 36" wide
 - For 31.5" graphics the 36" pole is cut down to size
- All sizes use the same brackets and stainless steel clamps
- Compatible round and square street poles 7.8" to 11.8" diameter
- Recommended for outdoor use
- Double sided graphics only
- Can use 2 sets of brackets with the same stainless steel clamps
