Display Set-Up

Step 1

Begin by removing all parts from the carry case and place on a clean, flat surface. Ensure you have all the components listed above.

Step 3

Using the Hex Wrench (5) and Bolts (6) connect the six Inside Connectors (2) to the frame as illustrated below. **Round** head bolts go through corner ends and **flat** head bolts go through sides. * DO NOT OVER TIGHTEN

Step 5

With the zipper at the bottom, drape the Graphic (4) over the hardware and zip closed.

Step 2

Assemble all the poles by connecting the corresponding numbers together while pressing the snap button as shown.

Step 4

Your hardware should now look like the image below.

Plastic Hinge Connector

Used to connect all Eurofit Displays with 1.25" Diameter Poles.

Storage & Care

Place all product parts into Carry Case and store in a cool dry location. Recommended for indoor use only. Machine wash on gentle cycle using mild detergent. Tumble Dry No Heat. Do NOT dry clean, Do NOT Iron.
