Display Set-Up

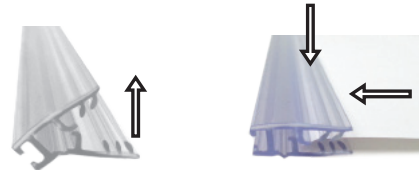

Step 1

Start on a flat clean surface and remove one endcap from the Top Rail (1) then remove the Clear Rail Insert (2).

Step 2

Open along edge to create enough space to slide Graphic (4) into. Press down on Clear Rail Insert (2) to hold Graphic (4) in place.

Step 3

Slide Clear Plastic Insert (2) with Graphic (4) attached back into Top Rail (1). Reinsert endcap.

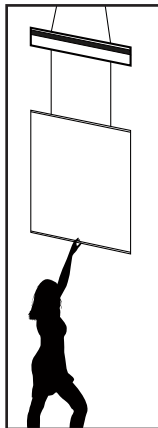

Step 4

Remove endcap and Clear Rail Insert (2) from Bottom Rail (3). Insert Graphic into Bottom Rail (3) and reinsert according to step 3.

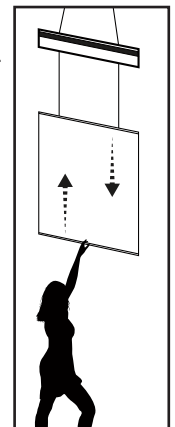

Step 5

While holding onto Bottom Rail (3) gently pull down to desired position.

Step 6

To retract graphic back into Main Assembly (2) give a quick downward tug. This motion is similar to retracting a window shade.

Storage and Care

Store in a cool dry location. To clean, wipe with damp cloth.
