ш

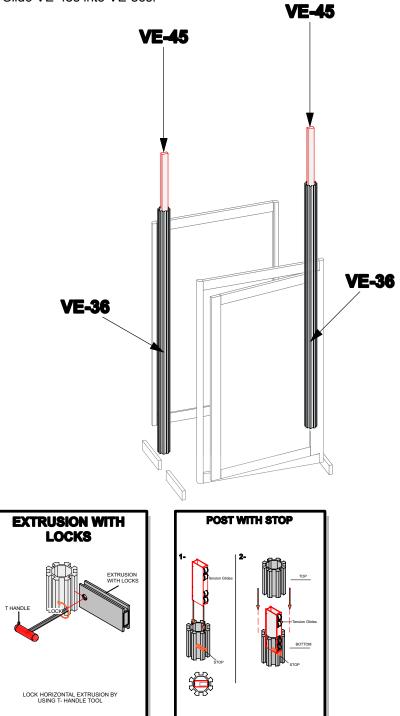

Step 1. Lock VE-32's to door and back panel using detail below.

Step 2.

Lock left and right VE-36 posts to bottom VE-32s using detail below. Slide VE-45s into VE-36s.

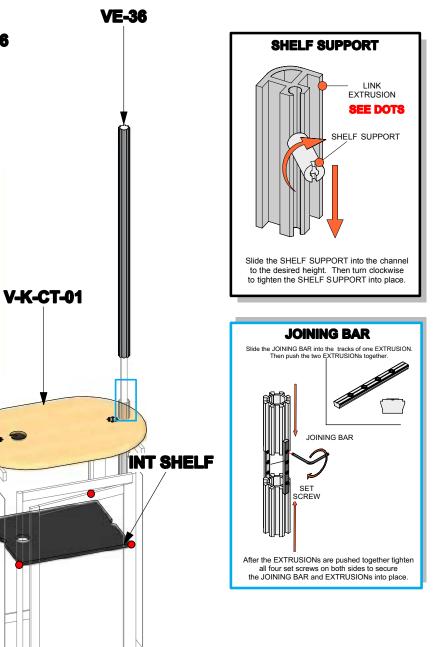

Step 3.

Slide side graphics into channels of bottom VE-32s. Lock top VE-32s into place to capture graphics using detail below. Note that upper VE-32s should be flush at top with door and back panel.

Step 4.

Add shelf supports at desired height using detail below. Gently place internal shelf on supports. Slide countertop over VE-36 lower verticals. Slide the upper VE-36s over the VE-45 internal supports and attach the joining bars as detailed below.

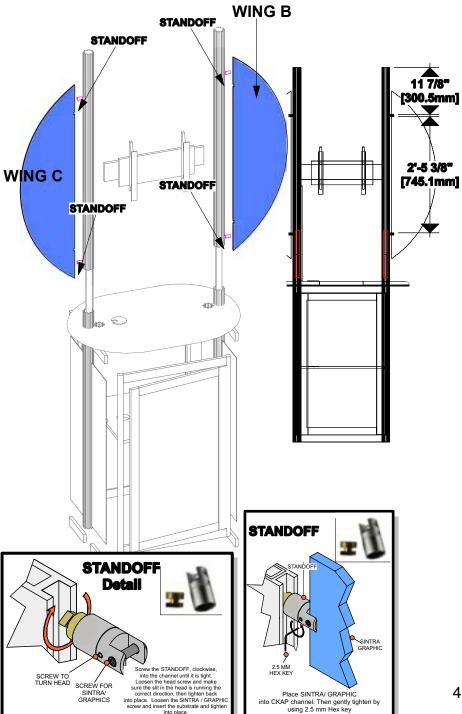

Step 5.

Lock monitor mount into VE-36s using attachment detailed below. Run cable through VE-35 and snap into channel on grommet side.

Step 6.

Attach standoffs to VE-36s using attachment detailed below. Attach wings to standoffs.

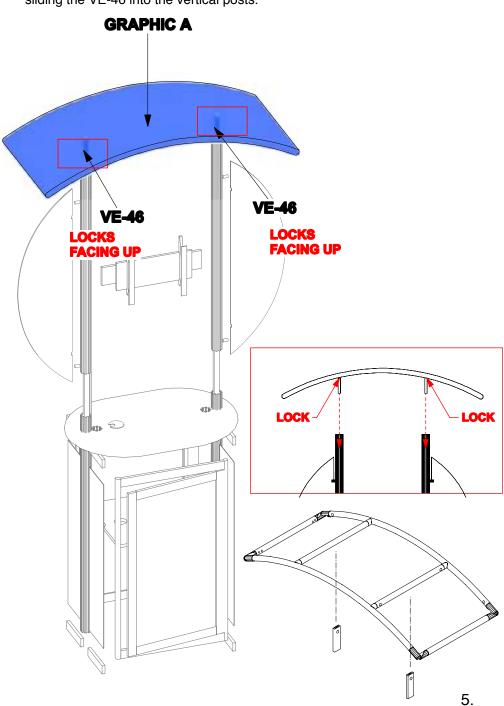

Step 7.

Assemble the canopy by connecting the pieces following the numbered labels. Clean the frame and place it on a clean surface. Carefully remove the graphic and place it around the bottom of the frame, slits on the underside of the graphic. Pull the cover carefully over the frame and close all zippers. When breaking system down, be sure to fold or roll the graphic neatly and place in bag.

2 5 6 3 Δ

Step 8.

Lock VE-46s to canopy through slits in graphic. Attach completed canopy by sliding the VE-46 into the vertical posts.
