

xpressions **SNAP!**

## SNAP!Counter Skin Specs

- Finish Graphic Size: 50" w x 28.5" h
- Front of Counter Graphic Area: 30" w x 30" h
- Focus Area: 12" w x 12" h  
*For images that require minimal distortion, i.e. Graphic Seals, Logos, Circle images, it is suggested that the image be approximately 12" x 12"*
- Focus Area / X Factor: *Like all Xpressions products, the SNAP! counter skin is a tension fabric that produces the patented xpressions skin shape. The Further away from the center of the X, the more likely an images shape will be modified. Use the shape of the skin to develop more exciting images, or stay close to the center of the X when a less dynamic effect is desired.*
