

i Artwork safe area (please keep important artwork away from cutout area, up to the dotted line)

i Curved area (for reference only)

! **PRODUCTION NOTES**

- Please use vector artwork or raster images at 200 - 300 dpi, (lower resolution files will not be accepted)
- Please supply final artwork as Print Ready PDF, TIF or EPS files
- Outline all fonts and include all linked images
- Supply all artwork in RGB format
- Please indicate any Pantone colors if matching is required
- Please include 0.25" bleed around all sides
- We do not support MS Word or Corel Draw files
- A final PDF proof will be supplied for sign off and approval

PLEASE NOTE: Metal strips for magnets on either side will show up darker (the LED backlight will not shine through in these areas)
