

# Outdoor Ballast Display

## Product Parts

- 1 - Top Shock Corded Pole
- 2 - Vertical Shock Corded Pole (x2) (top corner and T Pole attached)
- 3 - Bottom Shock Corded Pole
- 4 - Ballast (x2)
- 5 - Graphic
- 6 - Case

## Display Set-Up

### Step 1

Assemble the two Vertical Shock Corded Poles (2) by connecting the corresponding numbers together while pressing the snap button as shown.

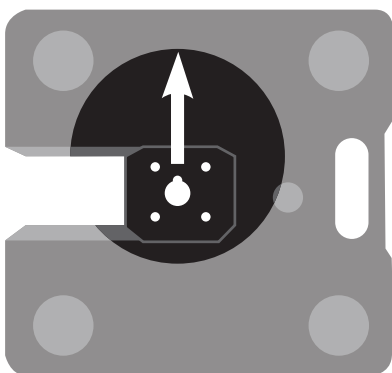

### Step 2

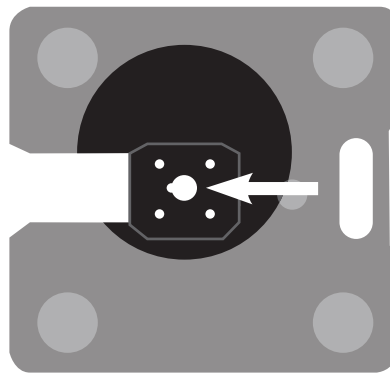

Connect the Top (1) and Bottom (3) Shock Corded Poles to the Vertical Shock Corded Poles (2). Match the corresponding numbers together.

### Step 3

The Pole Insert Block is removable, but comes preassembled into the Ballast (4). If you want to lock the display into the Ballast, the pin slot should face inward to allow the push pin to lock.

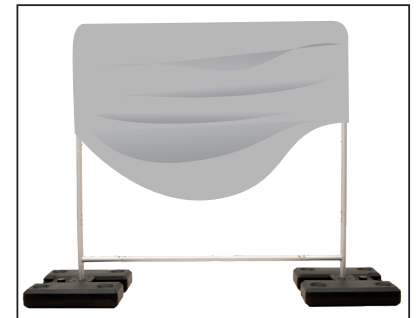

Pin Slot position to lock pole.

Pin Slot position to keep pole from locking.

### Step 4

Place Graphic (5) over hardware and pull towards bottom.

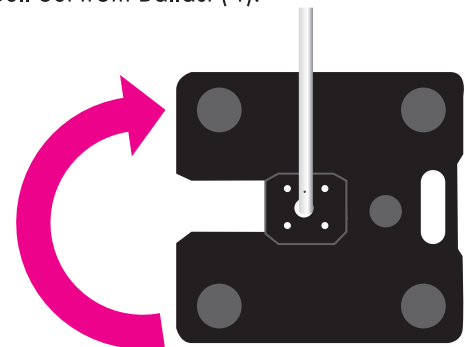

### Step 5

Remove cap from Ballast (4) and fill with water or sand.

### Disassembly

If poles are locked into Ballast (4), unlock by turning the Ballast clock-wise a 1/4 turn. If poles are not locked simply pull out from Ballast (4).

Place all product parts into Carry Case and store in a cool dry location.  
Machine wash on gentle cycle using mild detergent. Tumble Dry No Heat. Do NOT dry clean, Do NOT Iron.
